

NRM RESUME SAMPLE

123 SUNSET DRIVE • FORT COLLINS, CO, 80521 • (970) 555-5385 • NRM@RAMS.COLOSTATE.EDU

EDUCATION

Bachelor of Science in Natural Resources Management

May 2013

Colorado State University, Fort Collins, CO

- Minor in Range Management

Bachelor of Business Administration

May 2003

University of Kansas, Lawrence, KS

- Study Abroad, Helsinki School of Business and Economics, Mikkeli, Finland, Summer 2002
-

RELATED SKILLS AND QUALIFICATIONS

- **Field Skills:** Experience identifying over 150 different species of grasses, shrubs, trees, forbs, fish, and wildlife native to the Rocky Mountain region. Knowledgeable about the typical measurement and analysis techniques used in forest, range, wildlife, watershed and recreation management.
 - **Outdoor Skills:** Competence in using topographic maps, compass, and GPS units. Skilled and experienced in hiking and backpacking over rough terrain in all weather climates. Avid skier, snowshoer, and camper.
 - **Technical Skills:** Competent user of the following software programs: MS Word, Excel, PowerPoint, Publisher, and Internet Explorer.
-

RELEVANT FIELD EXPERIENCE

Research Assistant, Colorado State University, Fort Collins, CO

August 2009-Present

Willow Regeneration in Yellowstone National Park

- Studied the role played by beaver, elk, and wolf populations and the regeneration of the previously declining willow populations
- Performed lab work, which included processing willow samples on an extraction line so the water content could be tested for which oxygen isotope is present

Volunteer Research Assistant, Colorado State University, Fort Collins, CO

August 2009-Present

Water Resource Issues in Rocky Mountain National Park

- Investigated the role played by low beaver populations and water diversion in the maintenance of wetland hydrology and ecology
- Conducted field work consisting of monitoring water levels in ground wells and weirs and lab work consisting of preparing and processing soil samples to determine chemical composition

Natural Resource Ecology & Measurements, Colorado State University, Ft. Collins, CO

July-August 2011

4-week intensive field course focusing on the ecology of Rocky Mountain ecosystems as well as basic measurements and integrated management of natural resources.

- Gained knowledge about 120 different plant and animal species as well as different soil, geology and climate types.
 - Evaluated the following ecosystems: mountain shrub, ponderosa pine/aspen, lodgepole pine, spruce-fir, and alpine, and generated a written report for each.
 - Gathered recreation, watershed, range, wildlife, and forestry measurements.
 - Utilized the following sampling methods: quadrats, line-intercepts, belt transects, and point-centered quarters.
-

WORK EXPERIENCE

Night Terminal Supervisor, Roadway Express, Fort Collins, CO

August 2007–August 2009

- Coordinated all drivers and customer shipments. Processed essential paperwork for nightly closings.

Retirement Consultant, Lincoln Financial Group, Denver, CO

June 2003–February 2007

- Sales and servicing of Retirement Plans for individuals employed in Hospitals and Public Schools.
