- **Saint Patrick's Day** is honored each year on March 17th. Saint Patrick lived during the fifth century and is the patron saint of Ireland and its national apostle. Saint Patrick was born in Roman Britain. At age 16, he was kidnapped and brought to Ireland as a slave. He later escaped but returned to Ireland and is credited with bringing Christianity to the Irish. According to History.com, the Irish have observed this day as a religious holiday for over 1,000 years. This holiday falls during the Christian season of Lent and historically families would attend church in the morning and celebrate in the afternoon. Celebrations typically include dancing, drinking, and feasting.
 - Our **DE+I Toolkit** is an excellent resource to utilize as you work to educate your employees and create an inclusive culture within your organization. We are in the process of reviewing and updating the toolkit to make it easier to navigate, but the toolkit remains accessible while these updates are ongoing.
